

**TOWN OF BROADUS**  
**Regular Council Meeting**  
**January 3, 2023 @ 6:00 pm**

Mayor Chad Gatlin; Councilperson Lori Turnbough; Councilperson Raevyn Slovek; Councilperson Wanda Smith; Councilperson Cody Morris; Public Works Raymond Ragsdale; Clerk Josie Morris; Guest Sheriff Devin Boman

Mayor Gatlin called the meeting to order at 5:58pm. Following the Pledge of Allegiance, Clerk Morris reminded everyone that the new ordinance goes into effect on January 20<sup>th</sup> and that a reminder will be posted in the paper and on the town Facebook page. I asked if anyone on the council or the sheriff has had any comments or concerns from the public; nothing major was inquired.

Clerk Morris then brought up the new cash receipting software that the auditor requested us to put into place that will assist the clerk in account management, reconciliation and organization of all payment methods, payment history, etc. When council had no objections, Clerk Morris proceeded to ask the council their opinions on online billing and present them with software installation and annual maintenance quotes. The council agreed that more input on this from the community is required before a decision can be made.

Public Works Ragsdale gave the council an overview of frozen and/or broken pipes that he dealt with during the cold spell and did not have anything further of importance. Mayor Gatlin asked Ragsdale for an update on the lagoon and its functioning status. Public Works Ragsdale stated that all was well.

Public Works Zimmer was not in attendance but had Clerk Morris inform the council on the cylinder that he had to purchase for “Sandy” as the cylinder was damaged during the last large snow storm during snow removal and maintenance. This cylinder was not budgeted for but can be covered by the remaining budget.

The following claims were reviewed and approved by Council:

11783	EMC	premium	2700.64
11773	Quill	supply	214.51
11779	Quad K Supply	supply	159.96
11760	Powder River County	law enforcement	1750.00
11776	MMIA	premium	8542.85
11762	Mceuen Rebecca	wage	257.28
11771	Verizon	utility	157.02
11777	TRECO	utility	2611.00
11765	Smith Wanda	reimbursement	40.00
11768	Slovek Raevyn	reimbursement	40.00
11773	Grant’s Hardware	supply	374.78
11767	Turnbough Lori	reimbursement	40.00
11769	Gatlin, Chadwick	reimbursement	50.00
11766	Morris Cody	reimbursement	40.00
11781	Econo Signs LLC	supply	107.95
11780	Energy Laboratories	supply	52.00
11774	Broadus Foods	supply	45.32
11775	Alderman Oil Co	supply	2347.68
11778	Int. League of Cities	membership dues	175.00

11770 Barbero Auto & Ag	supply	166.58
11764 AFLAC	premium	186.94

With no further business before the Council, councilperson Morris moved to adjourn. Councilperson Turnbough seconded the motion. Mayor Gatlin adjourned this meeting of the Broadus Town Council at 6:39 pm.

---

Chad Gatlin, Mayor

---

Josie Morris, Clerk

**TOWN OF BROADUS**  
**Regular Council Meeting**  
**February 7, 2023 @ 6:00 pm**

Mayor Chad Gatlin; Councilperson Lori Turnbough; Councilperson Raevyn Slovek; Councilperson Cody Morris; Public Works Raymond Ragsdale; Public Works Cassidy Zimmer; Clerk Josie Morris; Judge Rebecca Mceuen; Guests Melissa Billing, Julie Riley, and Mary Rumph

Mayor Gatlin called the meeting to order at 6:01pm. Following the pledge of allegiance, Clerk Morris recapped on minutes from last meeting and asked if there was any questions or concerns. After none were established Mayor Gatlin turned it over to Guests Billing, Riley, and Rumph to introduce and discuss the Powder River Area Economic Development Community Initiative (PRAEDCI) Group that would like the Town of Broadus to sponsor the Main Street Program (MMS). The Town Council on behalf of the Town of Broadus would sponsor the program; the clerk would manage fund distribution and maintain paperwork such as applications, grant awards, etc. through the MMS Program to help our community with improvements in the future. The hope is by using the Montana Main Street Program for help with funding of our improvements, we will be freeing up grant funds for other areas that need funding assistance within the community, town, and county. Currently the PRAEDCI Group and the Town of Broadus hope to become a member of the MMS Program in order to receive funds for creating a master plan for the town. Councilperson Slovek made a motion to apply to be a member of the mainstreet program and coordinate with the PRAEDCI Group; Councilperson Turnbough second the motion.

Guest Julie Riley introduced the Neighbor Works Program to the council which would open up a program for 0% interest rates, help with housing loans for first time home buyers or someone who has not owned a home in 3 or more years. This program serves families and individuals with 80% median income and below. This program has to be sponsored by a town or county jurisdiction and have an elected official's approval. The program was brought to the commissioners however, they believed the town to be a better fit as Public Works Ragsdale would be needed to establish if a home was in the floodplain or not as families or individuals work through the program. Mayor Gatlin agreed to be the elected official from the jurisdiction of the Town of Broadus.

Public Works Ragsdale informed the council that he has been working on obtaining bids for repainting the towns water storage tank. There were no final bids at this time.

Mayor Gatlin swore in to office Rebecca Mceuen for another term as Town Judge and Public Works Cassidy Zimmer as Secondary Judge.

Clerk Morris discussed unfinished business regarding online billing. As little interest has been acquired thus far, an ad will be issued in the Powder River Examiner for a second time and a message was printed on the 2/3/2023 water bills as well in the hopes of giving every community member a chance to express their interest with the online billing software to the Town Office (436-2409). The cash receipting software required by the Auditor has been paid for and the town is waiting for installation as Black Mountain Software has many people on their list. Clerk Morris also updated the council on her efforts to finish the website creation and hopes of launching it soon.

Public Works Zimmer addressed that he had not yet received the new cylinder for “Sandy” that had to be ordered when damage was found during one of his many days of snow removal. The current cylinder is repaired to the best of his ability and in working order until the new cylinder arrives. Zimmer updated the council on the purchase of “Snow White”, the new dump truck which has proved to be a good investment thus far. Zimmer also introduced the idea of a 20 ft Conex box for office storage to replace the old shed outback, a new front sign, and possible repainting exterior of building in the upcoming budget. The council agreed with these ideas and will address them further when the new budget is established. Lastly, Zimmer gave a report on the new garbage truck stating that it was not built as well as hoped and they have discovered some technical issues and minor problems with the equipment.

Clerk Morris introduced a new payroll program through Black Mountain Software to the council that would eliminate human error, provide better support and backup for W2’s, Sched B reports, 941 reports, workman’s comp files, as well as vacation/sick/comp time for employees. It would also communicate with our current accounting and receipting software which would eliminate steps, store all reports in one place, and allow easier state and federal reporting. A motion was made by Councilperson Turnbough to approve the payroll software; Councilperson Morris second the motion.

Clerk Morris also addressed the raise coming up in April/May in terms of how it corelates to other positions with similar duties within the town and county.

The following claims were reviewed and approved by Council:

**(JANUARY)**

11790	Heiman Fire Equipment	vehicle repair	617.95

With no further business before the Council, Councilperson Turnbough moved to adjourn. Councilperson Slovek second the motion. Mayor Gatlin adjourned this meeting of the Broadus Town Council at 7:22 pm.

---

Chad Gatlin, Mayor

---

Josie Morris, Clerk

**TOWN OF BROADUS**  
**Regular Council Meeting**  
**March 7, 2023 @ 6:00 pm**

Mayor Chad Gatlin; Councilperson Lori Turnbough; Councilperson Wanda Smith; Councilperson Cody Morris; Public Works Raymond Ragsdale; Public Works Cassidy Zimmer; Clerk Josie Morris

Mayor Gatlin called the meeting to order at 6:03pm. Following the pledge of allegiance, Mayor Gatlin asked if there were any questions or concerns on the previous minutes; no. Councilperson Morris made a motion to approve minutes; Councilperson Smith second the motion.

Clerk Morris addressed the unfinished business regarding software updates and website creation. Mayor Gatlin then asked about new business, starting with the status of payroll software. Clerk Morris addressed that it is not up and running for employees yet, still working with Black Mountain to input data for W2's, Schedule B and 941 reports as well as other necessary data.

Public Works Ragsdale informed the council that the governor has signed and approved ARPA Funding with \$132,200 on our bucket B money for the town and \$593,773 from Powder River County with a total of \$725,978. PW Ragsdale will have to submit a proposal for every project and a plan of funds distribution needs to be in place by May 26<sup>th</sup> as we understand it. PW Ragsdale also stated that he will be attending continued education courses through Montana Rural Water Works later this month in Great Falls, MT. With no questions regarding the ARPA funding, PW Ragsdale then addressed the information that fiber optics will be installed in the town this spring/summer in coordination with Range. More details on whether things will be done by trenching or boring as well as if the company plans to put every street and alleyway back to the way they found it is yet to be determined. The minor details and precise locations of main lines, pedestals, etc. will be determined at a later date. Lastly, PW Ragsdale informed the council of some minor electrical issues with our water storage tank.

Public Works Zimmer stated that the new cylinder for Sandy finally arrived and will be installed in better weather as the old one is holding up at this time. He also addressed the continued work on the cab cover on "Snow White", the new plow pickup that will eventually replace "Clifford", the little red plow pickup. In closing, PW Zimmer stated that he had to replace the power steering pump on Clifford which affects the brakes as well so without those functioning properly, he was having difficulty plowing or operating the vehicle.

The following claims were reviewed and approved by Council:

11839	Local Government Services	AFR Late Fee FY22	55.00
11840	Ferguson Waterworks	Supply	90.00
11838	Black Mountain Software	Payroll Software	654.00

With no further business before the Council, Councilperson Turnbough moved to adjourn. Councilperson Morris second the motion. Mayor Gatlin adjourned this meeting of the Broadus Town Council at 6:38pm pm.

---

Chad Gatlin, Mayor

---

Josie Morris, Clerk

**TOWN OF BROADUS**  
**Regular Council Meeting**  
**April 4, 2023 @ 6:00 pm**

Mayor Chad Gatlin; Councilperson Lori Turnbough; Councilperson Wanda Smith; Councilperson Cody Morris; Councilperson Raevyn Slovek; Public Works Raymond Ragsdale; Public Works Cassidy Zimmer; Clerk Josie Morris; Guest Mary Alice Mangen

Mayor Gatlin called the meeting to order at 6:02 p.m. Following the pledge of allegiance, Mayor Gatlin asked if there were any questions or concerns on the previous minutes; no. Councilperson Turnbough made a motion to approve minutes; Councilperson Slovek second the motion.

Mayor Gatlin then addressed unfinished business regarding ARPA Funding and Range/VantagePoint. PB Ragsdale took the floor to inform the council that we have a conference call Wednesday, April 5<sup>th</sup> at 10:00 a.m. with Michelle McNamee to discuss the process of writing proposals, receiving and distributing funds, etc. All projects completed with ARPA Funding require a separate proposal; all proposals are to be submitted by May 24, 2023. With no questions from council, PB Ragsdale then discussed his correspondence with Range/Vantage Point to get more details on the fiberoptics project this year. Vantage Point Solutions Inc. is the company handling most of the tech on behalf of Range Telephone Cooperative,

Inc. for this project and were able to inform us that the fiber would be installed mostly with boring instead of trenching to avoid large scale surface disturbance. They hope to start in July sometime and have given a 1 year warranty after installation where they will fix any surface disturbance issues that have not been settled due to moisture or other conditions. With this information and approval from the council, Mayor Gatlin signed the application for occupancy on the right of way of city streets that was submitted to us by Vantage Point Solutions Inc. on behalf of Range.

Mayor Gatlin addressed new business with the council, starting with Mary Alice Mangel's proposal for zone reclassification on block 8, lots 9 and 10 of the Trautman 2<sup>nd</sup> Addition subdivision that she owns. According to the current zoning ordinance for the Town of Broadus, these lots are zoned as Residential A District and the proposal asks that Residential C District zoning be put into effect. Councilperson Morris made a motion to accept her proposal; Councilperson Smith second the motion. With this proposal acknowledged and accepted by the Town Council, it then moves to the Town of Broadus Planning Board where a public hearing will take place before a change is finalized. All ordinances are on file at the office of the Town Clerk and can be reviewed between the hours of 9:00 a.m. and 3:00 p.m. Monday through Friday.

Mayor Gatlin brought into question the community decay ordinance that went into effect in January 2023 and how the Town Council would help the community enforce this ordinance. With the help of the Commissioners as well as the county; the council would like to schedule a week where the dump would be free for the community on its normal operation days as well as having the garbage truck from the town available for pickups via scheduling with the town clerk. The council hopes to finalize plans and put an ad in the Powder River Examiner as soon as possible.

Public Works Ragsdale discussed his desire to simplify the town's zoning ordinance in the future and presented a portion of Miles City residential zoning for reference. He then elaborated on his Montana Rural Waterworks training in Great Falls, MT on March 21-23. This conference provided continuing education for PB Ragsdale as well as presented opportunities to speak with multiple companies on the advancement of water/wastewater management.

Public Works Zimmer addressed the proposal from the Broadus Youth Soccer Program asking to use the grass within Cottonwood Park Tuesdays and Thursdays 4:00-6:00 p.m. April 4<sup>th</sup>, 6<sup>th</sup>, 11<sup>th</sup>, 20<sup>th</sup>, 25<sup>th</sup>, 28<sup>th</sup> and May 2<sup>nd</sup>, 4<sup>th</sup>, 9<sup>th</sup>, and 11<sup>th</sup>. Contact for this program is Stacie Ostendorf. PB Zimmer was able to finish the cab cover work on the newer plow pickup, "Snow White" and informed the council of the old plow pickup, "Clifford" continuing to have issues and things failing. PB Zimmer has retired this vehicle for the winter due to the reoccurring issues. Quotes for a plow fitted to the newer pickup will be introduced to the council in May when the budget for 2023-2024 is in the works. He was also able to fix two stop signs; one by the post office and one by the Sheriff's office.

The following claims were reviewed and approved by Council:

---

Chad Gatlin, Mayor

---

Josie Morris, Clerk/Treasurer

**TOWN OF BROADUS**  
**Regular Council Meeting**  
**May 9, 2023 @ 6:00 pm**

Mayor Chad Gatlin; Councilperson Wanda Sith; Councilperson Lori Turnbough; Councilperson Raevyn Slovek; Councilperson Cody Morris; Public Works Raymond Ragsdale; Public Works Cass Zimmer; Clerk/Treasurer Josie Morris; Guests Mary Alice Mangen and Kelda Page

Mayor Chad Gatlin called the meeting to order at 6:00 p.m. Following the pledge of allegiance council reviewed the previous minutes, Councilperson Turnbough made a motion to approve the minutes, Councilperson Smith second, motion carried.

Old business was discussed by PB Ragsdale regarding the ARPA funding that we received by introducing a contract with Great West Engineering to handle the paperwork relating to the project outlines, project progress reports, expenditure reports, etc. Great West will file all the paperwork on our behalf and be paid

out of the ARPA funding as well. Councilperson Morris made a motion to approve Great West to complete the paperwork on our behalf, Councilperson Turnbough second, motion carried. Mayor Gatlin signed the contract and it will be returned to Great West Engineering.

Onto new business, Clerk Morris presented the Planning Board recommended decisions for the variance requests submitted by Mary Alice Mangen and Donna Giacometto. The council took these recommendations into consideration and it was decided that Mary Alice Mangen would be allowed to place her home 20 ft back from front (west) property line facing Jensen Ave with a variance of 10 ft to build a deck or other addition. Councilperson Turnbough made a motion to approve the 20 ft setback from front (west) property line for house placement and a 10 ft addition from the home, Councilperson Smith second the motion, motion carried. It was then decided that Donna Giacometto would also be granted to place her house at 20 ft from the front property line facing South Street. Councilperson Turnbough made motion to approve 20 ft setback from front property line, Councilperson Slovek second, motion carried. Both land owners were notified of the council's final decision and projects will proceed.

Guest Kela Page attended the meeting on behalf of the Tree Board to discuss desired placement of trees with the grant we received. Comments about the nursing home, by the clinic or ballpark were made for the planting of new trees.

PB Ragsdale updated the council on being busy cleaning sewers, handling the ARPA funding, getting projects lined up for funding based on priority, and working on replacing some of the old water meters.

Clerk Morris discussed some logo options with the council for letterheads, business cards, website, etc. Clerk Morris also brought up a question that the public brought to her attention. It was discussed whether or not owners should be liable for the utilities of their renters if the renters do not pay. The clerk informed the citizen that it is the owner's responsibility because they own the land and own the ability to have utility services. If utilities are not getting paid, an owner can request the water be shut off. Clerk Morris took this question to the clerk institute with her and got confirmation from other clerks within the state as well as other government officials that stated in Montana an owner is responsible and liable for their renters. The clerk will look into a deposit system within black mountain to assist home owners when renting a building and charging utilities.

PB Zimmer then updated the council on the dirt work and cleanup he has been working on where snow piles sit in the winter. He also fixed a ditch behind the manor by the transportation barn and the county paid for a culvert in this spot. Public Works removed bushes by the ice-skating rink and with the help of students on Community Cleanup Day, 6 new trees were planted in that area. Addressed an issue with moving a dumpster and minor work on the SR240 to be done.

The following claims were reviewed and approved by Council:
